

## Bilz-Products in application

Highly-effective BILZ® Vibration Insulation for stamping machinery demonstrated with the AMADA EM 2510 NT

Vibration Technology AG

### Applications:

Floor mounts; Offices or residences are near production facilities; Disturbance of sensitive machinery by stamping machine is to be avoided etc.

### Equipment:

BILZ® Rubber Air Springs Faebi ® 580 HD/Am and Faebi ® 150  
Options available: Mechanical or electro-pneumatic level control (e.g. for interlinking machinery)

### Wirksamkeit:

The transmission of energy to the floor is drastically reduced by the low-frequency, soft mounting!
