

## Bilz-Products in application

### Senk Erosion Machines Ingersoll Gantry 500 + 800

**vvEquipment:** BILZ® Rubber Air Spring system FAEBI® with mechanical-pneumatic level control.

**Special Requirement:** Neighbouring machine tools are disturbed by the Senk erosion machine. Operating the portal leads to changes in load, requiring installation of a mechanical-pneumatic level control with a re-set range of approximately  $\pm 0.01$  mm. Suitable for floor mountings as well!
